Creolization, Caribbean | Encyclopedia.com

Creole Society Brathwaite (1974) Creolisation is the process through which the various groups in the Caribbean society absorb each other's cultural products. The Africans and Indians imitated or were forced to imitate the Europeans. Europeans inadvertently but at times consciously absorbed some of the cultural styles, languages and mores of the subordinate groups.

The Development of Creole Society, 1770-1820: Kamau ...

The Development Of Creole Society, 1770—1820. This book is a study in the depth of a colonial 'plantation' during fifty critical years of slavery in the Caribbean. As the title suggests however, it is not concerned with slavery exclusively, but with a social entity of which slavery was a significant part.

The Development Of Creole Society

This society developed institutions, customs and attitudes which were basically the result of the interaction between its two main elements, the African and European. But this creole society was also part of a wider American or New World culture complex, and as such, it was also shaped by the pressures upon it of British and European mercantilism, and the American, French, and Humanitarian Revolutions.

The Development of Creole Society on the Colonial Frontier ...

Creole people are ethnic groups which originated during the colonial-era from racial mixing mainly between Africans and Europeans and sometimes South Asian and Native American peoples, known as creolisation. Creole peoples vary widely in ethnic background and mixture, and many have since developed distinct ethnic identities. The development of creole languages is sometimes mistakenly attributed to the emergence of creole ethnic identities: however, they are independent developments.
