China's engagement is exaggerated. China's aid is still of concern because of the way it is managed. The secrecy surrounding its aid breeds suspicion, inhibits donor coordination, and undermines efforts to improve good governance and accountability. The infrastructure projects it funds do not appear to

### **The Dragon Looks South: China and Southeast Asia in the ...**

"The Dragon Looks South analyzes the role and relative importance of all the components of China's comprehensive strategy for Southeast Asia, including the political, economic, and "soft power" dimensions of China's multifaceted relationship with both individual states and the region as a whole.

### **The Dragon Looks South**

One of the earliest creatures to appear in the tales and legends of ancient China, the dragon is most often depicted as a giant and lithe beast which dwells in either water sources or clouds. The Chinese dragon is extraordinarily powerful, and when it flies, it is usually accompanied by lightning and thunder.

### **The Dragon Looks South: China and Southeast Asia in the ...**

The Dragon Looks South focuses closely on the past five years and is a comprehensive work that reviews all aspects of China's relations with all Southeast Asian states. Percival also distinguishes between China's goals in mainland and maritime Southeast Asia, deals with all of the major external players in Southeast Asia, not just China and the United States, and contends that various international relations schools of thought may or may not be relevant to Chinese-Southeast Asian relationships.

The Dragon Looks South: China and Southeast Asia in the New Century. China has made extraordinarily rapid gains in Southeast Asia since it turned its old confrontational policy on its head in 1997.

### **The Dragon in Ancient China - Ancient History Encyclopedia**

In addition, one third of the world's maritime transport crosses the South China Sea, which represents the bulk of dragon exports and imports. The "freedom of navigation" demanded by Washington goes against the sovereignty claimed by China, which is turning those waters into a space for the exclusive use of its Navy.
