yyyy-mm-dd hh:mm:ss .. Date Range: 1000-01-01 00:00:00 to 9999-12-31 23:59:59 The hyphen and the colon are the standard character to separate a date and time respectively, but MySQL allows for you to choose your own delimiters if you wish.

Rosmarinus officinalis (rosemary) - CABI.org

Astraeus hygrometricus, commonly known as the hygrosopic earthstar, the barometer earthstar, or the false earthstar, is a species of fungus in the family Diplocystaceae. Young specimens resemble a puffball when unopened. In maturity, the mushroom displays the characteristic earthstar shape that is a result of the outer layer of fruit body tissue splitting open in a star-like manner.

The Ecology Of Sandy Ss

False Bay (Afrikaans Valsbaai) is a body of water in the Atlantic Ocean between the mountainous Cape Peninsula and the Hottentots Holland Mountains in the extreme south-west of South Africa. The mouth of the bay faces south and is demarcated by Cape Point to the west and Cape Hangklip to the east. The north side of the bay is the low-lying Cape Flats, and the east side is the foot of the ...

One result of the growing competition for water is increased attention to the use of artificial recharge to augment ground water supplies. Stated simply, artificial recharge is a process by which excess surface water is directed into the ground—either by spreading on the surface, by using recharge wells, or by altering natural conditions to increase infiltration—to replenish an aquifer.
