### List of serial killers in the United States - Wikipedia

Strictly speaking, a serial killer is someone who murders at least two people in separate events that occur at different times. While "serial murder" is not formalized by any legal code, the crimes of serial killers have often been seized on by the media and the public consciousness—especially in cases where there are many victims or the murders are carried out in gruesome fashion.

### The Encyclopedia of Serial Killers (Facts on File Crime ...

The author intentions seems pretty clear: advocate the notion that USA is filled with Serial Killers while compared with other countries (I would say this is the only difference between America and the rest: they are proud to have Serial Killers) and that Justice and Police in America is pathetic - so there is indeed some stuff for laughs there because the ludicrous mistakes he relates.

### The Encyclopedia of Serial Killers: Newton, Michael ...

A serial killer is typically a person who murders three or more people, with the murders taking place over more than a month and including a significant period of time between them. The Federal Bureau of Investigation (FBI) defines serial killing as "a series of two or more murders, committed as separate events, usually, but not always, by one offender acting alone".
