The Evolution of Desire: Strategies of Human Mating ...

The Evolution of Desire is indeed quite interesting. Data shows that in the sexual selection process, humans choose between temporary (casual) and long-term (co-parenting) and use many strategies to attract and keep a mate. For the most part, men want casual sex with a young, beautiful child-bearing female.

The Evolution of Desire: Strategies of... book by David M ...

The sub-title, Strategies of Human Mating, is more descriptive of the book than the title, The Evolution of Desire. It isn't so much about desire - feelings of love are guides to helps us identify and keep an evolutionary fit mate. It is really about the strategies used to battle other suitors and attract mates.
