Studies using fruit flies have been key to finding the molecular gears of biological clocks and the cells that control circadian rhythms. This image shows how time-of-day information flows in the fruit fly brain: Clock neurons (stained in blue, mid-left and right) communicate with other nerve cells (stained in red, inner top right, left, and bottom), which then signal to additional neurons ...

Miner's "Body Ritual among the Nacirema"

09/04/17 . A recent fad has been sweeping the country: ionic foot detoxes. You may not recognize the name, but you probably have seen the infomercials about foot patches or foot baths that pull all the toxins out of your body through your feet, leaving you with a patch or bath full of brown liquid (aka the toxins).

The Ionic Foot Detox: Fact or Myth? - Pacific College

Because medical issues are often technical issues, the average reader of the average conspiracy book is likely to take the word of the author that such and such is true. Few people, after all, have the medical training to dispute what the book says. Further, the doctors who performed the autopsy, and the Warren Commission which had to reach conclusions based on the medical evidence, blundered ...
