Humiliation, and Hope are Reshaping the World by Dominique Moisi the author claims that he's chosen to write this work in opposition to the optimism of Francis Fukuyama and the pessimism of Samuel Huntington. While geopolitics has traditionally been defined in relation to geography, Moisi uses a number of examples to highlight the need to include an "emotional geography" of those that populate a region within geopolitical investigations.

The Geopolitics of Emotion: How Cultures of Fear ...
According to others, the main reason are the religious
and cultural differences. In this context, the analysis
by Dominique Moisi in a book called "The Geopolitics
of Emotion" is a challenging, interesting and unusual
work. He sees the current conflicts and trends
through the prism of three emotions - fear,
humiliation, and hope.
