The Great Chain Of Being

The Great Chain of Being is a hierarchical structure of all matter and life, thought in medieval Christianity to have been decreed by God. The chain starts with God and progresses downward to angels, humans, animals, plants, and minerals. The Great Chain of Being is a concept derived from Plato, Aristotle, Plotinus and Proclus. Further developed during the Middle Ages, it reached full expression in early modern Neoplatonism.

The Great Chain of Being: A Study of the History of an ...

The Great Chain of Being includes everything from God and the angels at the top, to humans, to animals, to plants, to rocks and minerals at the bottom. It moves from beings of pure spirit at the top of the Chain to things made entirely of matter at the bottom.

Great chain of being - Wikipedia

Great Chain of Being, also called Chain of Being, conception of the nature of the universe that had a pervasive influence on Western thought, particularly through the ancient Greek Neoplatonists and derivative philosophies during the European Renaissance and the 17th and early 18th centuries.

The Divine Order - The Great Chain of Being - Shakespeare ...

From later antiquity to the close of the 18th century, most educated men accepted without question a traditional view of the plan and structure of the world. In this volume, Lovejoy copiously illustrates the influence of this conception, and of the ideas out of which it was compounded, upon the imagination and feelings as expressed in literature.
