"In his new book, The Great Escape: Health, Wealth, and the Origins of Inequality, economist Angus Deaton questions the usefulness of all aid, and describes how the greater proportion of the world's poor are found not in Africa but in the booming, yet radically unequal, economies of China and India."--

(PDF) Angus Deaton, The Great Escape: Health, Wealth, and ...

"The Great Escape tells the two biggest stories in history: how humanity got healthy and wealthy, and why some people got so much healthier and wealthier than others. Angus Deaton, one of the world's leading development economists, takes us on an extraordinary journey--from an age when almost everyone was poor and sick to one where most people have escaped these evils--and he tells us how the billion still trapped in extreme poverty can join in this great escape.

Great-Escape-An-Excellent-Book-With-One-Big-Flaw | Bill Gates

The Great Escape: Health, Wealth, and the Origins of Inequality. He examines the United States, a nation that has prospered but is today experiencing slower growth and increasing inequality. He also considers how economic growth in India and China has improved the lives of more than a billion people.

(PDF) Angus Deaton: The Great Escape: Health, Wealth, and ...

The Great Escape: Health, Wealth and the Origins of Inequality. It is the lack of good institutions in poor countries that helps maintain these health inequalities. Deaton fingers failure of the state as a main culprit: governments fail in the provision of public health goods and underinvest in their health care systems.
