The Greeks and the Irrational (Sather Classical Lectures ...

Greeks, and Greek culture in general, is apt to appear lacking in the awareness of mystery and in the ability to penetrate to the deeper, less conscious levels of human experience. This fragment of conversation stuck in my head and set me thinking.

The Greeks and the Irrational - ??????? {=} EQUALITY

Among his works are The Greeks and the Irrational (1951), which charts the influence of irrational forces in Greek culture up to the time of Plato, and Pagan and Christian in an Age of Anxiety, a study of religious life in the period between Marcus Aurelius and Constantine I .

The Greeks And The Irrational Buzzzi

To the Greeks, number meant whole numbers, and relationships between whole numbers. So their "rejection" of irrational number should be viewed as a definitional issue: irrational numbers didn't exist. To use an analogy, it's like saying that the NFL rejects basketball teams.

The Greeks and the Irrational - Eric R. Dodds - Google Books

The Greeks and the Irrational is great in itself and may have value, as Dodds indicates in his closing chapter, to moderns seeking to understand their own relationship with Irrationality. It is also enlightening background reading for any student of the classics generally, in particular providing useful commentary on Homer, Plato (lots on Plato) and the tragedians.

The Greeks And The Irrational

In 'Greeks and the Irrational,' we follow the understanding of the irrational from the Homeric to Hellenistic period. The early chapters which draw from attitudes reflected in the Illiad illustrate the concept of *ate* as something which comes from without, an essential corruption of the character of the subject being acted upon.

The Greeks and the irrational | Open Library

His famous book The Greeks and the Irrational (1951) remains one of the most distinguished and visionary works of scholarship of its time, though much less well-known is his long and influential involvement with psychic research and his work for the reconstruction of German education after the Second World War.

Amazon.com: The Greeks and the Irrational (Volume 25 ...

E. R. Dodds takes on the traditional view of Greek culture as a triumph of rationalism. Using the analytical tools of modern anthropology and psychology, Dodds asks, "Why should we attribute to the ancient Greeks an immunity from 'primitive' modes of thought which we do not find in any society open to our direct observation?" E xcellent book.

The Greeks And Irrational Er Dodds

Praised by reviewers as "an event in modern Greek scholarship" and "a book which it would be difficult to over-praise", "The Greeks and the Irrational" was Volume 25 of the "Sather Classical Lectures" series.
