The Gunning of America: Business and the Making of ...

The Gunning of America: Business and the Making of American Gun Culture ... Haag traces the evolution of the gun business from its fledgling emergence in the 1800s through the first decades of the twentieth century. Haag upends the quintessential image of gun ownership as foundational to being American: ...

The Gunning of America: Business and the Making of ...

In The Gunning of America, historian Pamela Haag overturns this conventional wisdom. American gun culture, she argues, developed not because the gun was exceptional, but precisely because it was not: guns proliferated in America because throughout most of the nations history, they were perceived as an unexceptional commodity, no different than buttons or typewriters.

The Gunning of America by Pamela Haag
Pamela Haag's book *The Gunning of America: Business and the Making of American Gun Culture*, offers a meticulously researched and beautifully written corrective to this mytho-poetic view of the gun. Haag, who received a PhD in history from Yale, takes the old journalistic maxim of "follow the money" and applies it to the American gun industry.
