Attila the Hun - Ancient History Encyclopedia

The exact origins of the Huns are under dispute, but it is likely that they were originally a branch of the Xiongnu, a nomadic people in what is now Mongolia who often battled the Han Empire of China. After their defeat by the Han, one faction of the Xiongnu began to move west and absorb other nomadic peoples.

In the fifth century this brave people managed to built a vast empire and received an annual tribute from the Roman Empire. It is true that Attila's empire collapsed briefly after his death but the Huns and their empire were the sings of things to come e.g. Seljuks and Osmalni (Ottoman) Turks.

Huna people - Wikipedia

The Huns' sudden appearance in the written sources suggests that the Huns crossed the Volga River from the east not much earlier. The reasons for the Huns' sudden attack on the neighboring peoples are unknown. One possible reason may have been climate change, however, Peter Heather notes that in the absence of reliable data this is unprovable. As a second possibility, Heather suggests some ...

The Huns The Peoples Of

The Huns were a nomadic people who lived in Central Asia, the Caucasus, and Eastern Europe between the 4th and 6th century AD. According to European tradition, they were first reported living east of the Volga River, in an area that was part of Scythia at the time; the Huns' arrival is associated with the migration westward of an Iranian people, the Alans.

Hun | Description, History, Attila, & Facts | Britannica

The Huns were a nomadic tribe prominent in the 4th and 5th century CE whose origin is unknown but, most likely, they came from "somewhere between the eastern edge of the Altai Mountains and the Caspian Sea, roughly modern Kazakhstan" (Kelly, 45).

History of the Huns - Wikipedia

Attila the Hun (reigned 434-453 CE) was the leader of the ancient nomadic people known as the Huns and ruler of the Hunnic Empire, which he established. His name means "Little Father" and according to some historians, may not have been his birth name but "a term of affection and respect conferred on his accession" (Man, 159).

Huns - Wikipedia

The Huns, thoroughly versed in the Chinese and Graeco-Roman sources, including a number of neglected accounts, as well as the most recent archaeological discoveries, provides an excellent introduction to the political and cultural history of Central Eurasia and the role of the "Hunnic peoples" in shaping the world of Late Antiquity in Asia ...

The Turkic peoples are a collection of ethno-linguistic groups of Central, Eastern, Northern and Western Asia as well as parts of Europe and North Africa. The origins of the Turkic people are a matter of contention among scholars. Yunusbayev suggested they may lie in a region stretching from the Transcaspiian steppe to Manchuria. According to several linguists Mongolia is the homeland of the ...

Turkic peoples - Wikipedia

Attila the Hun, a.k.a. "The Scourge of God," a.k.a. the guy who makes Khal Drogo look like a member of Greenpeace, was a pretty fearsome guy. Leader of the nomadic Hun armies, he razed whole cities to the ground. But in the end he was taken down not in battle or by a Drogo-style but by a simple nosebleed.

Who was Attila the Hun? | Famous People by Dictionary.com

The Hephthalites (or Ephthalites), sometimes called the White Huns, were a people who lived in Central Asia during the 5th to 8th centuries. Militarily important during 450 to 560, they were based in Bactria and expanded east to the Tarim Basin, west to Sogdiana and south through Afghanistan to northern India. They were a tribal confederation and included both nomadic and settled urban communities.
