Cross-linguistic influence in an oral translation task by ...

Translation communicates words and meanings, but also includes culture, social norms and even politics. This is why translators are faced with the challenge of how to translate content in a professional manner, while respecting aspects of the target language and locale. When localizing and translating content into a language, numerous factors influence how the end [...]

Translation in language teaching and learning - Oxford ...

Translation is the communication of the meaning of a source-language text by means of an equivalent target-language text. The English language draws a terminological distinction (which does not exist in every language) between translating (a written text) and interpreting (oral or signed communication between users of different languages); under this distinction, translation can begin only ...
