The only surviving type of medieval house is the domain of the wealthy, but early sources provide clues on peasant dwellings The only s medieval house is the domain of the wealthy, but early sources provide clues on peasant dwellings

Medieval Life - Housing - History

The medieval household was, like modern households, the center of family life for all classes of European society. Yet in contrast to the today, it consisted of many more individuals than the nuclear family. From the household of the king to the humblest peasant dwelling, distant relatives and varying numbers of servants and dependents would cohabit with the master of the house and his immediate famil
