Q&N: The Mythical Man-Month
(Frederick P. Brooks, Jr.)

By Przemek, September 2020 . The mythical man-month, a collection of essays by Turing-award winner Frederick Brooks originally published in 1975, continues to influence how we think about software projects in the 2020s. The book is frequently referenced but rarely read – in other words, a classic. The book recounts what Brooks learned from managing the development of OS/360, the operating ...
