Alondra Nelson | The Social Life of DNA: Race, Reparations ...

" *The Social Life of DNA* is a brilliant ethnography of the recreational uses of DNA. Besieged as our culture has become by beguiling promises of romantic heraldry and forensic infallibility, Nelson takes an unflinching yet sympathetic look at how popular yearning for 'lost roots' has led to DNA as metaphor: 'reading' our genes has become an inferential, often scientifically unsubstantiated link between past,present and future.

The Social Life of DNA by Alondra Nelson: 9780807027189 ...

The Social Life of DNA unearths what else we try to accomplish with these tests, including political and legal uses. □ve found this might include establishing ties with African ancestral homelands, transforming citizenship, recasting history, or making the case for reparations which, as we know, is an issue that is once again part of our national conversation.
