Scott Sagan argues that the spread of nuclear weapons will make the world less stable.

' More will be worse ' since some new nuclear states will engage in preventive wars, fail to build survivable forces, or have serious nuclear weapons accidents. "

Chapter 25 review Flashcards | Quizlet

Arms races are reduced by arms control agreements and more trust between states, not a spread of nuclear weapons. Arms races are not caused by the weapons themselves, they are caused by insecurity between states. That is, one country feels insecure vis-a-vis another, so it ensures it has more nukes and conventional weapons than the other.
