The Theory of International Politics

A theory of international relations is a set of ideas that explains how the international system works. Unlike an ideology, a theory of international relations is (at least in principle) backed up with concrete evidence. The two major theories of international relations are realism and liberalism.

International Politics: Theories of International ...

Drawing upon philosophy and social theory, Social Theory of International Politics develops a theory of the international system as a social construction. Alexander Wendt clarifies the central claims of the constructivist approach, presenting a structuralist idealist worldview which contrasts with the individualism and materialism which underpins much mainstream international relations theory.

International Theory | Cambridge Core

International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to only salient events relevant to the theory; e.g., an adherent ...

Students of international politics use the term "theory" fr

often to cover any work that departs from mere description and

seldom to refer only to work that meets philosophy-of-science

standards. The aims I intend to pursue require that definitions of

key terms theory and law be carefully chosen. Whereas two definitions of theory vie for acceptance, a simple definition of la
