Optofluidic Resonance of a Transparent Liquid Jet Excited ...

#EDEDED is the hex for a light shade of grey. I don't see why a browser would interpret that as transparent. I mean, how transparent?! For transparency you can use `rgba(237, 237, 237, 0.3)` for the same light grey where 0.3 is the opacity. If you wanted the background to be completely transparent then just don't set a background colour at all.

60% of people expect artificial intelligence to improve ...

When a transparent liquid jet is radiated by a focused continuous wave laser beam, the highly ordered periodic jet breakup is unexpectedly triggered and maintained. The capillary wave enables the liquid-gas interface to serve as a rotating mirror reflecting the laser beam in a wide range of angles, including the critical angle for total ...
