Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

The True Believer: Thoughts on the Nature of Mass ...
The True Believer: Thoughts On The Nature Of Mass Movements is a non-fiction book authored by American philosopher Eric Hoffer. Published in 1951, it depicts a variety of arguments in terms of applied world history and social psychology to explain why mass movements arise to challenge the status quo. Hoffer discussing the sense of individual identity and the holding to particular ideals that can lead to fanaticism among both leaders and followers. Hoffer initially attempts to explain the motives

The True Believer Quotes by Eric Hoffer - Goodreads
The one that has now grabbed my attention is Eric Hoffer and his 1951 book, "The True Believer: Thoughts On The Nature Of Mass Movements," in which he discusses the psychological causes of fanaticism. Hoffer was no "ivory-tower" philosopher in that he worked for more than 20 years as a longshoreman in San Francisco.

The True Believer: Thoughts on the Nature of Mass ...
Published in 1951, The True Believer detonated in the public mind almost immediately thanks in part to its subtitle: Thoughts on the Nature of Mass Movements. Recall that when it first appeared, the world was only six years past the demise of Nazi Germany, and communism had rapidly gained power as a global threat to freedom.

A part of Harper Perennial's special "Resistance Library" highlighting classic works that illuminate the "Age of Trump": A boldly packaged reissue of the classic examination of dangerous nationalist political movements. "Its theme is political fanaticism, with w

The True Believer: Thoughts on the Nature of Mass ...
Eric Hoffer was a San Francisco longshoreman who self-educated and left behind "The True Believer," an astonishingly insightful examination of the phenomenon of mass movements. Hoffer wrote the book in 1951, when two of the most malignant mass movements in human history, those that produced the Soviet Union and Nazi Germany, sprung up, and the writing reflects that to an extent.

Management lessons of The True Believer
The True Believer Thoughts on the Nature of Mass Movements. Chapter One. The Desire for Change. It is a truism that many who join a rising revolutionary movement are attracted by the prospect of sudden and spectacular change in their conditions of life. A revolutionary movement is a conspicuous instrument of change.
