The World's Greatest Geological Wonders: 36 Spectacular Sites

1839, Gideon Algernon Mantell, The Wonders of Geology, Volume 1, page 309, The most remarkable fossil of this class is the marsupite, which I have thus named from its resemblance, when closed, to a purse. The marsupite (Tab. 51) was a molluscous animal, of a sub-ovate form, having the mouth, which was surrounded by arms, or tentacula, in the centre.

"Wonders of Creation" Book Series - Creation Research Society

For the authors of the Wonders of Creation Series, those glasses are God-focused rather than man-focused. Like all the science books published by Master Books, these serve a dual purpose: to educate children about scientific fact, as well as to strengthen their understanding and application of that data to a Christian worldview.
