Nursing Theories: An Overview
- Current Nursing
Madeleine Leininger: One of the
newer nursing theories,
Transcultural Nursing first
appeared in 1978. According to
Leininger, the goal of nursing is to
provide care congruent with

File Type PDF Theoretical Nursing

cultural values, beliefs, and practices. Leininger states that care is the essence of nursing and the dominant, distinctive and unifying feature. She says there can be no cure without caring, but that there may be caring with curing.
