Review of Timeline by Michael Crichton

Although, this is a completely different twist to the normal Michael Crichton novel, it is written in a very Michael Crichton manner. For example, you will learn the

details of how to joust properly. In more "normal" Medieval literature, this would be more of a heroic scene than what is presented in Timeline. The "heroic" here, is instead ...

demonstration of what he does better than anyone: riveting storytelling that combines frighteningly plausible, cutting-edge science and technology with pulse-pounding action and serious chills. The gripping story of a group of American scientists sent to the ocean floor to investigate an alien ship, only to confront a terrifying discovery that defies imagination.,.

Timeline movie review & film summary (2003) | Roger Ebert

Michael Crichton was a man who donned many hats in his lifetime. Right from being a best-selling author to a producer, director and screenwriter, he excelled in all the fields of work. Interestingly, right from a tender age, he

developed an affinity for writing and went on to pursue a career in the same.

Fiction Book Review: Timeline by Michael Crichton, Author ...

"Timeline" is inspired by on a Michael Crichton story that's not so much about travel between the past and the present as about travel between two movie genres. After opening on an archeological dig (evoking memories of "Indiana Jones," "The Exorcist" and "The Omen"), it's a corporate thriller crossed with a medieval swashbuckler. The corporation has discovered a way to beam objects from one place to another and has big plans: It wants to put Federal Express out of business.
