Outline of TOLSTOY, What is Art?

Tolstoy knows that questioning the reality and value of the empire of Art in the Nineteenth Century is akin to questioning the truth of the Crucifixion and Salvation in

the Twelfth Century: the difference is that Art in the Nineteenth does not relate to the fundamental problems of human existence; it does not ask or seek an answer to the fundamental questions of human life, to determine the ...

Leo Tolstoy 's What Is Art? - 992 Words | Bartleby

For Leo Tolstoy, art is a human activity which consists in conveying feelings (emotions) by external signs. Art doesn't consist in creating beauty or pleasure or in expressing emotions, but in infecting people with feelings. The worth of these feelings is determined by the religious consciousness (Christianity) of what is good or bad.

Art is opposed to non-art, art in general to art “in the full meaning of the word,” and good art to bad art. Each of these categories serves a specific function within Tolstoy’s theory of art, but the reader is often hard put to maintain the segregation of each category from the others which Tolstoy intended.

Tolstoy s Aesthetics - Summary What Is Art - What Is Art ...

Tolstoy’s aesthetic values are based on communication of emotion, which falls in line with Collinwood’s ideas of art, in that art is the release of a pent up emotion. According to Tolstoy good art is able to allow people to perceive the intended meaning, whereas bad art can not be understood.

Tolstoy What Is Art

Evaluating the content of art. While Tolstoy's basic conception of art is broad and amoral, his idea of "good" art is strict and moralistic, based on what he sees as the function of art in the development of humanity: . just as in the evolution of knowledge - that is, the forcing out and supplanting of mistaken and unnecessary knowledge by truer and more necessary knowledge - so the evolution ...

Tolstoy: What is Art?

The distinction between real and counterfeit, good and bad art is Tolstoy's contribution to the field of art criticism. Despite its many weaknesses, this system offers an interesting alternative to judging and appreciating art. Tolstoy names real art (i.e. authentic, true to itself) the one resulting from an honest, internal need for expression.
