Based on a James Beard award-winning article from a leading voice on the politics of agribusiness, Tomatoland combines history, legend, passion for taste, and investigative reporting on modern agribusiness and environmental issues into a revealing, controversial look at the tomato, the fruit we love so much that we eat \$4 billion-worth annually.

Tomatoland-The Book

I love that Tomatoland is a Pop up with meaning behind it. As you have fun taking pictures and going from room to room each picture opportunity has some sort of meaning behind it relating to environmental issues that our society faces which as plastic and over packaging issues. I think that this a great way to bring these issues to the public.
