Common Toyota Vios Problems and How to Fix Them

Hi sifus, I got vios with the ori cobra alarm. The thing is the alarm after engaged and parked car (under sun) for 5-10 minutes, the alarm will sound by itself. It doesn't happen everytime, but on some mornings at work. When other times, in shaded car parks, no problem. Does your vios have...

Toyota Dashboard Lights & Symbols Guide

A few weeks ago during a trip to Tagaytay, my car doors suddenly decided to stop working with my alarm system. They wouldn't open or close with the alarm or when the engine is killed/started. I had to use the key to lock and unlock my doors separately. The locks still worked centrally though they just didn't work with the alarm.

3 Ways to Reset a Factory Car Alarm - wikiHow

Strange that the alarm goes off at 9.30 every time, when the alarm goes off it stores the reason / cause and then flashes the immobiliser light a certain amount of times when you next start the car. Have a look at your manual which will tell you what the flashes equal e.g 1 flash OSF door, 3 flashes Bonnet etc.

I have the same problem of Alarm going on by itself on my 2001 Sequoia (dome lights are on, door ajar indicator in the dash is on, all 5 doors are all still locked). I open the front and back doors one at a time, pressed on the door switch and see the small courtesy light at bottom of door go off (suggesting door switch is working OK), but the dome lights stayed on.
