Appraisal. GP Appraisal was introduced in 2003 and has been managed and co-ordinated by NIMDTA since April 2006. Appraisal is intended to be a formative process, giving GPs the opportunity to review their performance, chart continuing progress and identify any developmental needs.

University of Glasgow Medical School - Wikipedia

In emergency departments, just like in general practice, physician associates are able to see patients with undifferentiated diagnoses. They consult with patients in minors and majors as well as resuscitation and post resuscitation. They are also able to see medical, trauma, mental health, paediatric, obstetrics and gynaecology cases.
