Based on hundreds of interactive training sessions, *Trees, maps and theorems* offers overall guidelines and practical tips toward getting messages across optimally in written documents, oral presentations, and graphical displays.

Trees, maps, and theorems

Trees, maps, and theorems is an admirable model of its own principles, which are captured in three rules that anyone can learn. These rules create a unified approach to all types of communication: oral, written, or graphic. Doumont's Three Rules of Communication Adapt to your audience

Trees, Maps, And Theorems | Infographics | Books

I was recently introduced to the work of Jean-luc Doumont via Robert Kosara. So I picked up his book, *Trees, maps, and theorems: Effective Communication for rational minds*, and it does not disappoint. In a nutshell, if you have read Tufte's *Visual display of quantitative information* and you like it, you will like Doumont's book...

Book review: Trees, maps, and theorems

One of the most interesting books typeset with TeX that I know
"Trees, Maps, and Theorems" by Jean-Luc Doumont. It offers
beautiful typography down to details such that each paragraph
typeset as a perfect rectangle (which means a lot of textual
rewriting, so whether this is a good idea I leave open).

Trees, Maps, and Theorems: Effective Communication for Rational Minds - Book Review

Review of Trees, maps, and theorems: Effective ...

The trees, maps, and theorems part is merely a cute way of saying this, or referring to hierarchy, table of contents, and conclusion. Most of the advice in the book addresses the situation of the engineer, who must write reports, give presentations, include charts and graphics, and create other engineering documents.

Trees Maps Theorems - AbeBooks

I got a copy of Jean-luc Doumont's Trees, Maps, and Theorems Effective Communication for Rational Minds a long time ago, and read it almost immediately. I've been meaning to write a review for a long time. With the annual office clean before the new semester starts, this gives me a perfect opportunity to do so.
