Retrofitting a kickstart to a Yamaha TTR250. The blue TTRs in the UK are all dual start with electric and kick starters. Some of the white TTRs came with a kickstart fitted, presumably an optional extra when new or a kickstart kit (expensive!) fitted in later life. Kickstart kits are no longer available from Yamaha but the individual parts are.

Really depends on how much of an audiophile you are. Upgrading stock speakers and not the HU/AMP you are probably not going to be getting much more out of the new speakers than you do the old ones, I don't know what the stock RMS rating is of the system in place, but its most likely weak as all heck.
