Periodization: Theory and Methodology of Training - Tudor ...

Periodization from a sport science point of view Tudor Bompa has been called the father of periodization (training planning) and I bet there are very few athletes in the world who don't owe their successes (even if they don't realise it) to the former Romanian's theories in some way or another.

Periodization: Theory and Methodology of Training, Edition ...

Since the introduction of this groundbreaking training theory by Tudor O. Bompa in 1963, periodization has become the basis of every serious athlete's training. Now in its fifth edition, Bompa's classic text combines the concepts central to periodization and training theory with contemporary advances in sport science, physiology, and coaching. No other text discusses planning and periodization in such detail or with so many specific, practical examples from a variety of sports.

Bompa revolutionized western training methods when he introduced his groundbreaking theory of periodization in Romania in 1963. Today, periodization is the basis of every serious athlete's training. Periodization is a scientifically based method for structuring short- and When it comes to designing programs for optimal training, Tudor Bompa's expertise is second to none.

Periodization Training for Sports - Tudor Bompa, Tudor O ...

Periodization is one of the most important aspects of training for any coach to consider. Planning an athlete's progression over time is what separates a coach from some friend of yours giving you iffy advice. That said, to me, much of Bompa's book and the concept of periodization is akin to Descartes's Discourse on the Method.

Periodization Training for Sports: Tudor O. Bompa, Carlo ...

Tudor Bompa is a pioneer. That rare breed of trainer/programmer that's not only coached - but has himself been a high caliber athlete. His work is groundbreaking and I'm always surprised it's not more mainstream and well known. This man refined and developed some of the most powerful strength training methodologies used today (like periodization).
