Mind Games was recorded between July and August 1973 in Lennon's characteristic quick fashion, and was mixed over a two-week period. Lennon produced the album by himself, following his previous three-year partnership with Phil Spector. When the album was remixed in 2002, many audio anomalies hidden in the original mixing were uncovered.

Conscious one-upmanship. Mind games in the sense of the struggle for prestige appear in everyday life in the fields of office politics, sport, and relationships. Played most intensely perhaps by Type A personalities, office mind games are often hard to identify clearly, as strong management blurs with over-direction, healthy rivalry with manipulative head-games and sabotage.

Ultimate Mastermind has an extra code peg which brings it to another dimension. The code-maker selects arranges any 5 pegs in the compartment right in front of him or her, which is hidden from the code breaker. The code-breaker then has to make guesses as to what the code is by filling in rows of 5 pegs using the feedback from the code-maker (correct color/correct position, correct color ...
