Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Reducing acid rain - Canada.ca

My review is based off of what I see as I open the book. Provides a lot of information, flash cards you can tear out and color, and diagrams that are relevant to Anatomy classes. One con, is there are no diagrams for female and male reproductive systems. I purchased another book for that, "Human Anatomy Coloring Book" by Margaret Matt, for \$4.99.
