there is perhaps something problematic with portraying emotions as isolated from cognition in human activity and human development (see also ...

Emotion regulation. - APA PsycNET

1. Philosophical and Historical Motivation. Game theory in the form known to economists, social scientists, and biologists, was given its first general mathematical formulation by John von Neuman and Oskar Morgenstern (). For reasons to be discussed later, limitations in their formal framework initially made the theory applicable only under special and limited conditions.

subdisciplines within psychology. One framework that has helped to organize work on ER is the process model of ER, which distinguishes 5 families of strategies defined by when they impact the emotion generation process.

Game Theory - Stanford Encyclopedia of Philosophy
Metaethics explores as well the connection between values, reasons for action, and human motivation, asking how it is that moral standards might provide us with reasons to do or refrain from doing as it demands, and it addresses many of the issues commonly bound up with the nature of freedom and its significance (or not) for moral responsibility.

Metaethics - Stanford Encyclopedia of Philosophy
Walter Leland Cronkite Jr. (November 4, 1916 – July 17, 2009) was an American broadcast journalist who served as anchorman for the CBS Evening News for 19 years (1962 – 1981). During the 1960s and 1970s, he was often cited as "the most trusted man in America" after being so named in an opinion poll.
