Understanding the Insurance Industry 2017 Edition: An ...
As an industry, insurance is regarded as a slow-growing, safe sector for investors. This perception is not as strong as it was in the 1970s and 1980s, but it is still generally true when compared to other financial sectors. Not all insurance companies offer the same products or cater to the same customer base.

Health insurance is a product that covers your medical expenses. Like auto insurance covers your car if you get into an accident, health insurance covers you if you get sick or injured. Health insurance also covers preventive care – i.e., doctors visits and tests before you get sick. In this article: Health insurance basics

Understanding Health Insurance

The insurance industry spends around \$25 billion on reinsurance premiums to help absorb the cost of natural disasters. It is this part of the market that has seen the majority of interest from insurance-linked funds.

measures are required; maintaining health coverage is the only way to ensure we aren't stuck covering these emergency medical costs out-of-pocket.

Reinsurance - introduction,
explained, beginner's guide
Understanding Health Insurance.

This might be attributed to the fact that health care costs can be very expensive, and the cost of even the most basic care is steadily rising. Today, the amount Americans spend on health care is four times as much as the government spends on national defense. So it's no surprise that along with increased health care...
