Free ebook download sites: – They say that books are one's best friend, and with one in their hand they become oblivious to the world. While With advancement in technology we are slowly doing away with the need of a paperback and entering the world of eBooks. Yes, many may argue on the tradition of reading books made of paper, the real feel of it or the unusual smell of the books that make us nostalgic, but the fact is that with the evolution of eBooks we are also saving some trees.

RETHINKING GLOBAL WARMING

The hypothesis of the video "Unstoppable Solar Cycles" is that the global climate system is too complex for humans to affect it so dramatically. Instead, change in solar radiation is what causes the earth to cool and warm. Stating that temperature affects CO2 levels rather than the other way around defends this hypothesis.
