Sparky's Answers - 1999 Ford E150 Air Only Blows Out The ...

I'm working on a Ford E450. The ac is blowing through the defrost only. I understand that this is the default setting. From my research, it is common for a vacuum line to come lose. I took the dog house off on the inside of the bus and found some of the vacuum lines at the back side of the engine near where the transmission connects.
