Vermeer baler monitor - posted in Machinery: Bought a used vermeer rancher 665. Got it thursday and looked at the monitor to it closer and it has on the bottom of it written in the id area model number 605sm and serial number does not match. Contacted dealer but have not heard back from them yet. On the monitor it also says software number and such.

The Vermeer Rancher® Balers are right-sized, right-priced and just right for your ranch. Designed for big bale performance and sensible budgets, the Rancher 6650 Baler produces larger-diameter round bales that can be easily moved and fed.

605N | Equipment | Vermeer
Thought there were quite a few vermeer guys on this board..maybe I was wrong, lol. The monitor issue turned out to be the crop indicator switch located on the wind guard, which was not activating due to misadjustment and a light windrow. Evidently this needs to trip in order to activate the monitor. I think my belt issue was possibly operator ...
