How to Configure LAN-to-LAN PPTP/L2TP VPN between UTT Routers  
Unlike PPTP and L2TP, it is a more advanced protocol for building a VPN connection. Yet, it is more difficult to setup. However it may help if you are in an environment where regular PPTP and L2TP VPN connections are intended to be blocked. Today, we are going to show you how to build this IPsec LAN TO LAN VPN tunnel.

[SOLVED] LAN-to-LAN VPN - Networking - Spiceworks  
No access to LAN over PPTP VPN (can only ping router) Wed Aug 05, 2015 7:48 pm. Hello everyone. Using the MikroTik Wiki plus other online sources, I setup a PPTP VPN connection that includes a pool of VPN IPs. I am able to connect to the tunnel but can only access the MikroTik itself.

How to Configure LAN-to-LAN PPTP VPN between UTT Routers  
Go to VPN and Remote Access >> LAN to LAN, edit a profile as follows: Enter Profile name. Check Enable this profile. Set Call Direction to "Dial-Out". Enable PPTP in the Dial-out settings. Enter Server IP as the WAN IP of the peer router. Enter Username and Password as the same as the one set ...

No access to LAN over PPTP VPN (can only ping router ...  
LAN-to-LAN IPsec VPN tunnel traffic not being routed. I am trying to set up a LAN-to-LAN VPN tunnel between two sites. One site has a 5505, and the other site has a 5510. It looks like the tunnel is being established fine (both ISAKMP and IPSEC SAs look OK), but traffic doesn't appear to be routing across the internet between the devices.

Site to Site PPTP — Manito Networks  
The "lan switch" is our server. When we connect to the VPN network we want to get a ip address over dhcp and see each other like "directly connected over an lan switch". To keep it short, we would like to play games over VPN. But we WONT connect the complete Lan network and there nearby connected devices to it or even internet.

When connected to VPN unable to access my LAN and internet ...
