5.0 out of 5 stars War Against the Weak: Eugenics and America's Campaign to Create a Master Race. Reviewed in the United Kingdom on June 22, 2012. Verified Purchase. This book was mentioned in the bibliography of a novel I was reading and the author had also written a short piece about eugenics.

War Against the Weak: Eugenics and America's Campaign to ...
War Against the Weak is a sobering account of what can happen and has happened even in a free country like the United States, and is an important historical witness as we move into a new genetic age. It will surprise many readers to know what has happened in just the past century, but Black's account is fair and well documented throughout.

War Against the Weak: Eugenics and America's Campaign to Create a Master Race by Edwin Black, review by Vince Carducci -- Uncovers a long-repressed chapter of social history significant enough to command reappraisal of the legacy of eugenics for today and for the future.

Eugenics - Wikipedia
"War on the Weak" continues to analyze negative eugenics by discussing the U.S. Supreme Court case of Buck v. Bell. Furthermore, the parallels present among U.S. and Nazi ideologies on the nature of eugenics are presented, along with an exposition on the affinity Nazi scientists had for U.S. eugenics laws.

War Against the Weak: Eugenics and America's Campaign to ...
Edwin Black, journalist and author of War Against the Weak, argues that eugenics is often deemed a pseudoscience because what is defined as a genetic improvement of a desired trait is a cultural choice rather than a matter that can be determined through objective scientific inquiry.

War Against the Weak: Eugenics and America's Campaign to ...
In War Against the Weak, investigative journalist and author of the New York Times bestseller IBM and the Holocaust Edwin Black reveals that eugenics-sham science made up to justify ethnic cleansing-had an incredible foothold in America in the early twentieth century, and was in fact championed and funded by America's social, political, and academic elite.

War On The Weak: Eugenics In America - Sagacious News
In "War Against the Weak: Eugenics and America's Campaign to Create a Master Race," Edwin Black exhaustively chronicles the rise of the American eugenics movement. Eugenics ("good birth" in Greek) is considered crackpot science today but at one time captured the hearts and minds of America's leading thinkers including social scientists, educators, judges, philanthropists, and clergy.

War Against The Weak - Home Page
In War against the Weak, award-winning investigative journalist Edwin Black traces some of the Nazis' most horrendous crimes back to Charles Davenport's early 20th-century pseudoscientific eugenics movement in the US. Based on selective breeding of human beings, eugenics began in laboratories on Long Island but ended in the concentration camps of Nazi Germany.
