your school essay or a handbook for your next project.

WASI -II - Pearson Assessments

The WASI-II is initially scored by converting the test takers raw score into a scale score. The scale score represents a common scale that allows for a quantitative comparison between a population of students. From there, the scale score is transformed into a composite score. For example, a composite score on the WASI-II could look like a numerical value of “90-109”.
