Bears (2014) Their saga begins as the bears emerge from hibernation at the end of winter. As time passes, the bear family must work together to find food and stay safe from other predators, especially other bears. Although their world is exciting, it is also risky, and the cubs' survival hinges on family togetherness.

Watch Bear. In this horror thriller, two young couples are menaced by a grizzly bear after their car breaks down in the wilderness. It's a huge mistake when one of the men brazenly kills the bear, since its mate is nearby. The surviving bear sets about terrorizing the people, and sometimes it seems like the murderous creature is more than just a bear.
