You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into eBook still took some work. Some of your search results may also be related works with the same title.
