Weinig Rondamat 935

WEINIG meets this challenge with innovative machine technology. The combination of slanted horizontal spindles and floating vertical spindles allows the lamellae to be planed with a minimum of chip removal on all four sides while maintaining the curvature of the wood. These WEINIG solutions increase material yield and thus also resource efficiency.

Used Weinig Rondamat for sale. Weinig equipment & more ...

The Rondamat 960 is a copying grinder, which means that the profile contour of a template is transferred to the knife. For this purpose, WEINIG provides a template maker, which represents the ideal supplement to your Rondamat 960. Using the device, the profile templates can be made in a very short time and the tools can be grinded.
