Welger AP45 Conventional Baler

I think the AP 45 was a different machine to the later Welgers. The old AP 53, 63, 73 and 83 became the 530, 630, 730 and 830 without much change but the 45 was before all these. I'd agree with you about the knot, it looks OK but needs new knives, again I think they were different, ie triangular shape instead of the newer double sided ones.

Welger AP71 - posted in Machinery: Today (possibly against my better judgement) I bought two Welger AP71 conventional balers. I tried hard to find out about these balers before buying but I could find very little information on the internet, so for the benefit of all and sundry I thought I would post my experiences here. They were advertised as one AP71 baler with another one for spare.
