Publishing, as one of the most involved sellers here will totally be along with the best options to review.

In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.
