Anger is a common and normal emotion that we all experience at different times and for different reasons. When you recognize when anger hurts your relationship it must be handled appropriately or it can be destructive.

How to Control Anger and Frustration in a Relationship

Leaving an angry person to nurse her hurt makes things worse, not better. Keep calm. Anger fuels anger, so the calmer you can remain, the quicker your partner's anger subsides. Shouting at a partner in a rage escalates her anger, and joining a passive aggressive partner in sulking can make the situation continue for ever.
