Amazon.com: Customer reviews: Working Together: A ...

Working together for change is a structured approach to engagement with people using services to review their experiences and determine their priorities for change. It is a systematic process for planning change with people, which provides powerful insights into what is working and not working in their lives as well as their aspirations for the future.

What is person-centred care and why is it important?

This report describes a six stage process that uses person centred information - such as person centred reviews, person centred plans or support plans - to inform strategic change and commissioning. The report explains why working together is important, looks at the information sources that can be used in commissioning and then discusses the six stage process.
