# Acces PDF Working With Millennials Using Emotional Intelligence And Strategic 5 Tips to Help You Manage Millennial Employees

Millennials have vastly different opinions about every aspect of work, how we work, how we manage, and why we work the way we do. They have been branded as narcissists, impatient and very ambitious, disloyal to their employers, value work-life balance, prefer electronic communications to verbal communications, expect to move quickly up their career ladders and have little regard for ...

millennials in the workplace are unique to this generation. Millennials work for less money, have more education and are required to have more experience. But, they also spend more time behind screens and less time in face-to-face interactions. It follows then, that they should have more emotional intelligence.

When millennials and Gen. X-ers learn to work with rather than against one another, everyone benefits. Millennials can learn new skills from their Gen. X bosses, Gen. X-ers can learn new work strategies from their millennial employees, and the overall business will thrive. Maria Onzain is a digital marketing expert for Open Colleges.
