The modern troopship has as long a history as passenger ships do, as most maritime nations enlisted their support in military operations (either by leasing the vessels or by impressing them into service) when their normal naval forces were deemed insufficient for the task. In the 19th century, navies frequently chartered civilian ocean liners, and from the start of the 20th century painted ...

World History Semester 1 Exam Student Name: William Talley Student ID: JM1907750 1. Explain the significance of agriculture in the rise of Early Complex Societies. When early humans began farming, they were able to produce enough food that they didn't have to migrate to their food source. This meant they could build permanent structures, and develop villages, towns, and eventually even cities.

History (from Greek ἱστορία, historia, meaning "inquiry; knowledge acquired by investigation") is the study of the past. Events occurring before the invention of writing systems are considered prehistory. "History" is an umbrella term that relates to past events as well as the memory, discovery, collection, organization, presentation, and interpretation of information about these events.
