## **Hypertext, and the History of ...**

This book is a study of the computer as a new technology for reading and writing -- a technology that may replace the printing press as our principal medium of symbolic communication. One of the main subjects of Writing Space is hypertext, a technique that allows scientists, scholars, and creative writers to construct texts that interact with the needs and desires of the reader.

## **Writing Space: The Computer, Hypertext, and the History of ...**

Arriving on the literary scene in the early '90s, Jay David Bolter's *Writing Space: The Computer, Hypertext, and the History of Writing* is one of those pro-hypertext books whose earnest boosterism leaves you feeling a little embarrassed. Nonetheless, Bolter's book has recently been seen changing hands around graphic design graduate programs -- I once heard it referred to as "the only ...
